EPITOME '23

TURNING IDEAS INTO ACTIONS.

Epitome '23 is an unparalleled flagship event being organized by the **Skill Development Cell Student Body** of *Gokaraju Rangaraju Institute of Engineering and Technology*. Today's world is plagued with various problems with their solutions requiring an epitome level of thinking. We are looking for innovators and creatives who can figure out and present their epitome solutions in a short duration of time. A hackathon followed by cultural events to celebrate creativity will be organized under the event.

We are organizing a 24 hr hackathon on the 27th and 28th of January, followed by an Awards ceremony & non-Tech events.

27th January	DAY - 1
8:30 am	Reporting Starts
10:30 am	Reporting Ends, Inaugration Starts
11:00 am	Inaugration Ends, Hackathon Starts.

24 hrs hackathon which will be continued till 11 am on day 2.

28th January	DAY - 2
11:30 AM	Submissions Start
12:00 PM	Jury Evaluation
1:30 PM	Award Ceremony
